The Overview

Solowave Design is an innovative leader in the design and manufacturing of ready to assemble ("RTA") Outdoor Play Structures for residential consumers. Under the Big Backyard & Cedar Summit Premium Play Sets brand names, Solowave Design delivers exceptional play structure options. All Solowave Design products are shipped to national distributors and offered for sale in a convenient RTA format for consumers around the globe, which means all manuals, and instructions must also be available in various languages.

Client Challenge

All Solowave Design products are shipped to national distributors and offered for sale in a convenient RTA format for consumers around the globe, which means all manuals, and instructions must also be available in various languages.

Translation Cloud Solution

Translation Cloud was able to get the pamphlets manuals, set-up instructions, and user guides for installation translated into each selected language as well as complete the formatting of each document in the needed software for Solowave Design to be able to not only receive the product translation back complete and accurate but also receive the translation back print ready!

The Results

Translation Cloud assists Solowave Design with the translation of all User Manuals, Instructions. And Set-up Guides needed to continue to distribute the Outdoor Play Structures throughout the world providing each customer with a guide to setting up and installing the structures in the language preference they would require.

About Us

With over 15 years of experience and consistent dedication to our customers, **Translation Cloud** has become one of the most innovative and reliable translation companies in the industry. We have built our company on the founding principles of quality, integrity, and customer satisfaction, and we continue to live up to those principles today, with over a 99.8% approval rating. We take what we do very seriously. For us, translation is not just about changing words from one language to another. It's about conveying the true meaning of those words, in all its subtleties, so that the translation is inherently adapted to its target audience and localized for demographics, culture, and subject matter. www.translation-services-usa.com
